# ANNUAL REPORT

1914-15.

BOURNEMOUTH :

Printed at the "Guardian" Office, Commercial Road.

TO THE  
MAYOR, ALDERMEN AND COUNCILLORS  
OF THE  
COUNTY BOROUGH OF BOURNEMOUTH.

Gentlemen,

The Public Libraries Committee have the honour to submit their Twenty-second Annual Report for the year ending 31st March, 1915.

WESTBOURNE BRANCH.

By the generous gift of the site by Mr. J. A. Longden, as well as the grant from the Carnegie United Kingdom Trust, all the difficulties relating to the erection of this branch have been satisfactorily surmounted. The Committee, at the earliest opportunity, invited the two firms of Architects who designed the other branch libraries to submit competitive plans, and after careful consideration they decided to entrust the work to Messrs. C. T. Miles & Son. Tenders from local builders were invited, and the one sent in by Messrs. Barnes & Pond, at £1887, was accepted. Although the present state of the country and the exigencies of the labour market preclude a speedy accomplishment of the work it is hoped that the building will be ready for opening before the end of the present year.

DECORATION OF THE CENTRAL LIBRARY.

The whole of the interior of the Central Library has been distempered and decorated for the first time, which has very considerably added to its appearance. The cost of the work was charged to Capital, there being a sum sufficiently large to meet the expense from the unexpended balance of the Loan.

## MUSIC LECTURES.

Owing to the War the Committee were obliged to abandon the contemplated Course of Lectures last winter in continuation of the interesting series given the previous year. It is hoped that this very important phase of work will be resumed during next winter in connection with the town's unique Music Library. There is abundant evidence to support the view that, in normal times, the establishment of Music Lectures in the John B. M. Camm Music Library will become an annual event looked forward to with added interest year by year.

## EUROPEAN WAR.

Within a fortnight of the declaration of war a "Select list of books in the Central Library on the countries involved in the European War" was issued gratis. Lists of later additions on the subject to the number of about 200 vols. have been displayed in the Libraries and much use has been made of the whole of the war literature. The Committee strengthened the French section, and invited the French and Belgian refugees to become borrowers. All the available illustrated papers, periodicals and magazines, are sent regularly to the hospitals, nursing homes, and refugee houses in the Borough, and the Committee have likewise sent hundreds of withdrawn books to camps, hospitals, and billets.

Owing to the enlistment of five senior assistants and one junior it was found necessary to curtail the hours of opening of the Lending Libraries. The innovation was not objected to by the ratepayers, not a single complaint having been made respecting the restrictions. All the newsrooms have been kept open at the usual hours, as well as the Reference Library.

The Committee wish to place on record their appreciation of the answer made to the country's call by the following members of the staff, viz. :—

Hugh Stevenson, Sub - Librarian (London Scottish).

Kenneth Ryde (Bombardier, R.H.A., Headquarters Staff, France).

E. J. Roberts (9th Hants Cyclists, Special Service Section).

E. H. Perrett (R.A.M.C.).

A. Gritten (R.A.M.C.).

V. Moxham (9th Hants Cyclists).

The places of these assistants are kept open, and half pay is given to them during their service with the colours.

#### STAFF.

To enable the work of the libraries to be carried on, four boys were appointed as junior assistants. In December Mr. W. G. Fry, Assistant-in-Charge of the Reference Library, was appointed Librarian of the Chorlton-cum-Hardy Branch Library, under the Manchester Corporation. The loss of Mr. Fry left a big blank in the personnel of the staff, as he was the principal cataloguer, and the one most experienced in classification, as well as being an expert typist and stenographer. The Committee, by special minute, recorded their appreciation of Mr. Fry's services, and wished him continued success in his new sphere of work. Mr. Fry is the ninth assistant to receive promotion under another library authority.

#### BOY SCOUTS.

During the months of September, October and November the services of boy scouts were generously offered, and most gratefully accepted by the Committee. The work done by the boys gave every satisfaction, and the help received came most opportunely.

## DONATIONS.

Later in this report will be found a complete list of donations made to the libraries during the year. The most valuable gifts have been received from Mr. J. B. M. Camm, amounting to twenty-seven music scores, and ten vols. of music biography and musical literature. As mentioned in previous Reports, Mr. Camm presents to the Music Library, which he founded, all the published scores of the works performed at the Winter Gardens during the Symphony and Classical Seasons. These annual gifts are very much appreciated by music students, who recognise the fact that it is quite impossible to see the majority of the scores in any other library, public or private.

## HOME BINDERY.

The progress of the new department of our work has been one of unqualified success. Since the latter part of the year under review four of the junior assistants take duty in the bindery in turn, and perform some of the preliminary but not unimportant parts of the work, thus enabling the bookbinder to devote the whole of his time to the forwarding and finishing processes. During the year, which coincides with the first twelve-months of the bindery, 1488 volumes have been bound ; 12 recased ; 9 Reference Library books repaired and re-backed ; and 252 new books have been lettered. Twenty-four ledgers and special books have also been made in a thoroughly practical manner. In addition numerous jobs of a minor character have been done, but which cannot be enumerated here, including the hundreds of minor repairs done by the staff. The cost in wages and materials has been £101 9s., which shows an average of 1s. 3d. per volume after deducting £7 15s., the estimated cost of recasing, lettering, repairs and special books, but not allowing for the various smaller pieces of work before mentioned, or the stock of materials in hand. The quality of the art canvas and linen adopted is far superior to that used in the contract work. It should

be mentioned that in the previous year, when a normal amount of work was done by contract, the cost was £109 6s. 2d. The Committee, with the year's experience of work done on the premises under the personal supervision of the Chief Librarian, are in a position to state that the establishment of a Home Bindery has proved a successful experiment, and one that should be continued.

### CHAIRMAN AND COMMITTEE.

Mr. R. Y. Banks not having sought re-election to the Council last November, and there being no vacancy among the co-opted members; the Committee lost the services of a gentleman who always took an important and active part in the work of the libraries during the fourteen years of his membership. The Committee in forwarding a vote of thanks to Mr. Banks, expressed the hope that his retirement was only a temporary one, and that the earliest opportunity would be found to enable him to return. Mr. J. A. Toone, who had acted in the capacity of Vice-Chairman since 1909, was unanimously elected to the vacant position, and Councillor J. J. Brazier was elected Vice-Chairman.

The personnel of the Committee has undergone several other changes. Colonel Godfrey resumed his military duties, and retired from the Council at the General Election. Mr. W. Harris and Mr. T. Tame also ceased to be members of the Council. To fill the vacancies caused by these changes, the following were elected as Council representatives, viz.: The Mayor (Mr. J. Druitt, J.P.), Councillors Neville Hart, M.D., J. J. Empson, and F. B. Summerbee.

### ISSUES.

The total issues from all departments were 347,698, an increase of 993. There are increases at the Central

and Reference Libraries, but a decrease at the Branches, due to the temporary closing of the Springbourne Branch.

### STOCK.

During the year 1,821 volumes were added, bringing the total stock up to 54,431 volumes, to which latter should be added the works and pieces in the Music Library, amounting to, approximately, 4,200.

### BORROWERS.

There are 9,430 borrowers, a decrease of 3,443. There are also 1,385 with students' extra tickets, or 572 less than last year.

J. A. TOONE, Chairman.

CHAS. RIDDLE, Borough Librarian.
